NOTIFICATION.

PRINCE OF WALES' ROYAL INDIAN MILITARY COLLEGE, DEHRA DUN.

No. 2.—(1) In connexion with the admission of candidates to the Prince of Wales' Royal Indian Military College, Debra Dun the following information is published for the use of intending candidates.

The College provides a public school education on English lines for Indian and Anglo-Indian youths who desire subsequently to enter a cadet college with a view to obtaining commissions in the Indian Land Forces, the Indian Air Force or the Royal Indian Navy, and making one of these services their profession in life. The course of study at the College will, however, be such that, should a boy fail in the competitive examination for admission to a cadet college or for entry in the Royal Indian Navy, he will be in as favourable a position for entry to a university as if he had been educated at an ordinary school.

(2) Candidates will be selected from unmarried Indian and Anglo-Indian boys of—

(a) Provinces of British India.

(b) Indian States.

Nominations will be made by His Excellency the Commander in Chief on the recommendation of the Local Government or Administration or the Political Officer, as the case may be.

(3) Candidates must have attained the age of eleven years and be under twelve years on the 20th January 1936.

(4) Candidates should attach to their applications a medical certificate from the Officer Commanding a British or Indian Station Hospital or a Civil Surgeon to the effect that they are physically fit in all respects in accordance with Appendix A to this notification.

(5) The fees will be Rs. 1,500 for each school year and are liable to enhancement hereafter, if circumstances require. These fees will include tuition, messing, school servants and medical attendance of the ordinary kind, and, as initial provision, one suit of the uniform to be worn by students when at the College. Charges on account of washing of cadets' clothing and mending their clothing, boots and shoes, as well as the cost of books and stationery (which will be supplied by the College) will be met by the parents or guardians of the cadets.

In addition to the fees referred to above, the parent or guardian of a cadet will be required to deposit with the College authorities, on his entering the College, the sum of Rs. 50 which will be returned when the cadet finally leaves the College provided that all dues have been paid.

In the event of it becoming necessary for cadets to be admitted into a civil hospital, all charges incurred will be borne by the parents or guardians of the cadets.

A full term's notice is required to be given of intention to withdraw a cadet from the College. In the event of such notice not being given, the parent or guardian will be required to pay one full term's fees in lieu, unless it is considered that the circumstances in which the cadet was withdrawn are such as to call for special consideration.

Note.—In the past, remissions of fees have been made, in certain deserving cases, to the sons of Indian soldiers. Such remissions will be discontinued until further orders and full fees will be levied in respect of cadets who are the sons of Indian soldiers and who are admitted to the College in the future.

(6) Entry in the College will not be open to candidates who are already married.

(7) Parents or guardians of candidates for admission to the College, at the time of the submission of the applications, will furnish signed declarations (in duplicate) in the following form:—

"I, ——————— father / guardian of ———————, a candidate for admission to the Prince of Wales' Royal Indian Military College, Dehra Dun, declare that it is my desire that my ——— ward should make the Indian Army, Air Force or Royal Indian Navy his profession in life.

The following resolution of the Government of India is republished :—

DEPARTMENT OF COMMERCE.

TARIFFS.

Simla, the 10th September 1935.

No. 341-T. (12)/35.—As a result of the visit of the British Textile Mission to India in the autumn of 1935, an Agreement was concluded between the Millowners' Association, Bombay, and the Mission which was expressed in the following terms.

2 "The parties wish to record their conviction that great benefit has been derived by all concerned from the full and frank exchange of views, the personal contacts which have been established and the greater understanding which both sides have secured of each other's position.

The parties are agreed that it would be in the best interests of the industries they represent to maintain and develop in the future the contacts which have been established and it is hoped that it will become the practice for views to be exchanged whenever circumstances render it desirable.

The following headings of agreement have been adopted on the assumption that the cotton duty is not increased above the present level of half an anna per pound.—

(1) It was agreed that the Indian Cotton Textile Industry is entitled, for its progressive development, to a reasonable measure of protection against the imports of United Kingdom yarns and piecegoods. It was also agreed that under present conditions, owing to lower costs and other factors operating in foreign countries, the Industry required a higher level of protection against them than against the United Kingdom.

(2) As regards cotton piecegoods, it was agreed that if and when the revenue position of the country made it possible for the Government of India to remove the general surcharge on all imports imposed in October 1931, the Indian Side would not make fresh proposals with regard to the duties applicable to the United Kingdom.

(3) In the matter of cotton yarns, the present duties are 6¼ per cent *ad valorem* or 1½ annas per pound. The Indian side has agreed that so far as imports from the United Kingdom are concerned, the duty may be 5 per cent, *ad valorem* with a minimum specific duty of 1¼ annas per pound.

(4) So far as artificial silk piecegoods are concerned the Indian side agreed that in the case of the United Kingdom, the duties may be as follows —

30 per cent, *ad valorem* or 2½ annas per square yard for hundred per cent artificial silk fabrics; and

30 per cent, or 2 annas per square yard for mixture fabrics of cotton and artificial silk.

The present duties on these classes of goods are—

50 per cent *ad valorem* or 4 annas per square yard on hundred per cent artificial silk fabrics; and

35 per cent, or 2 annas 3 pies per square yard for mixture fabrics of cotton and artificial silk.

(5) In so far as the Fiuure and other overseas markets for piecegoods and yarns are concerned it is agreed that any advantages which might be arranged for British goods should be extended to

Indian goods, and that India, in markets in which she has an independent quota, should participate in any quota which might be allocated to the United Kingdom. In respect of overseas markets in which Indian mills lack established connections, it is agreed that the Manchester Chamber of Commerce should use its good offices to bring about contacts between Indian manufacturers and British houses which are already established in these markets.

(6) In regard to raw cotton, the Indian side strongly emphasised the urgent necessity of further efforts being made in the United Kingdom to popularise and promote the use of the Indian raw material. They welcomed the undertaking that the British Textile Mission would be prepared to recommend effective action being taken and keep the Indian side regularly in touch with developments. It was further agreed that other measures of co-operation in this field should be explored in the interests of the Indian cotton grower.

This understanding is limited in its duration to the period ending on 31st December 1935."

3 At the time when this Agreement was reached, the Government of India had under their consideration the question of the import duties necessary to afford adequate protection to the Indian cotton textile industry, and in their view the scale of duties which had been accepted by an important and representative section of the Indian textile industry constituted a fair basis for the protective scheme in so far as it had application to imports from the United Kingdom. The duties set out in the Agreement were, therefore, with one slight modification in respect of cotton yarn of counts over 50's, given statutory force by the Indian Tariff (Textile Protection) Amendment Act which became law on the 1st May 1934.

4 In the Course of the debate on the Bill the then Commerce Member, Sir Joseph Bhore, in moving that the Bill be referred to a Select Committee, stated on behalf of the Government that, though it was intended to afford the textile industry protection for a period of five years, the tariff rates on British goods would remain in force for two years in accordance with the terms of the Agreement between the Lancashire Delegation and the Millowners' Association, Bombay. On the expiry of the two years covered by the Agreement the duties on British goods for the remaining period of protection would have to be decided on a review of the conditions then existing and in the light of such experience as may have been gained. The period of the Agreement will expire on the 31st December 1935, and it will be necessary to introduce, in the course of the next Budget Session, legislation to give effect to any changes in the duties which may be found necessary. The Government of India have, therefore, decided that the enquiry foreshadowed in Sir Joseph Bhore's speech should take place at an early date and that it should be entrusted to a Special Tariff Board constituted as follows:—

President.

Sir Alexander Murray, *Kt.*, C.B.E.

Members.

Mr. Fazal Ibrahim Rahimtoola.

Diwan Bahadur A. Ramaswami Mudaliyar.

5. The following are the terms of reference to the Board:—

To recommend on a review of present conditions and in the light of the experience of the effectiveness of the existing duties, the level of the duties necessary to afford adequate protection to the Indian cotton textile industry against imports from the United Kingdom of (*a*) cotton piecegoods, (*b*) cotton yarn, (*c*) fabrics of artificial silk and (*d*) mixture fabrics of cotton and artificial silk. By adequate protection is meant duties which will equate the prices of imported goods to the fair selling prices for similar goods produced in India.

6. In the course of this enquiry, the Board will give a full opportunity to the cotton textile industry, whether in India or the United Kingdom, to present its case and, if necessary, to answer the cases presented by other interested parties.

7. The Board will not be required to make any recommendations in respect of revenue duties.

8 Firms or persons, who desire that their views should be considered by the Special Tariff Board, should address their representations to the Secretary to the Board.

C. A. HENDERSON,
Secretary to Government.
